

DEC - 2016

Hello!

Yet another two months of leaps and bounds of progress and more customers to the kitty brings great joy to entrac and its customers leading us into a Happy New Year, 2017!

## HAPPY CUSTOMERS

Entrac<sup>TM</sup> Solutions is proud to announce that we have added two more customers to our kitty

**Hindustan Petroleum:** The LPG bottling plant at Anantapur has chosen to enhance their operational productivity and enter the world of business intelligence by partnering with Entrac Solutions.

**Sonalika Tractors:** Sonalika has taken its first steps into evaluating the usage model of the tractors to enable them with objective decisions on defining more efficient next generation tractors

**4Wheel Travels:** One of the biggest fleet operators in Hyderabad sees the value in intelligent analytics and signed up with Entrac solutions' enAlytics platform to forge their way into the world of Analytics.

## enAlytics

– evolving at a great pace!

enAlytics is evolving into a very mature platform by adding features to make it the *First Of Its Kind* logistics analytics platform covering the A-Z of fleet requirements.

The map view of our control panel enables fleet managers to get an instant view of their fleet within a given radius. This enables the manager to make quick and calculated decisions based on fleet availability.

## Complete Vehicle Management

Our CVM (Complete Vehicle Management) interface lets the fleet owner record all of vehicles legal information and get reminded of upcoming registration and pollution compliance requirements.

DEC - 2016

## entracPlus – we have eyes!!!

### HAPPY CUSTOMERS

Entrac™ Solutions is proud to announce that we have added two more customers to our kitty

#### Associate Producers of

**Telugu:** We continue to expand our collaboration with the APT and enhance our presence in more of their fleet.

### What's Next?

We have an exciting fleet of products coming very soon to take vehicle analytics to the next level. January will mark the announcement of a new product that is gathering amazing interest even before it is officially launched. Stay Tuned!
